

Term 1 – 6a

Language – We will be continuing with the ‘Big Writing’ scheme as this is showing a vast improvement in the children’s ability to write stories etc.

Reading is a high priority this year so all children will be coming home with a reading book and I would like the children to be encouraged to read from a variety of reading media.

Maths – There is to be a whole school approach to maths so all classes will be looking at the same area of maths per term and continually revisiting it throughout the year. Problem solving and tables will be on-going.

Topic – Our topic this term is a ‘Science’ topic. We are looking at changing materials and energy. Any information on solar energy, electricity, gas, wind power etc. in the form of newspaper articles, leaflets etc. would be appreciated.

Homework – will be issued on Tuesday to be returned by the following Monday. Can reading books be kept in school bags as we use them every day. I would like spelling to be learned

Encourage:

- Your child to visit the library.
- Listen/read the news, as we often have news talks.

Many thanks for your continual co-operation

CA Wallace (Mrs)
by Friday of the issuing week. I would appreciate if all homework is signed. Thank you.
